

## **HISTORIC Issue Task Force (ITF)**

### **Mission, Roles and Responsibilities\***

The Historic Issue Task Force is a multidisciplinary team that includes stakeholders and experts in the Core Values surrounding historic features and the Section 106 Programmatic Agreement. As a team member, it is your responsibility to work through the elements of the identified issues in order to reach a recommendation to be taken forward to the Project Leadership Team (PLT), the Technical Team, or the Project Staff.

Issues to be analyzed for Level 1 (with explanatory notes) include:

- Identify specific elements of the Section 106 Programmatic Agreement as related to study options.
- Verify that costs assigned are reasonable.
- Define areas of potential impacts

This issue list is dynamic, and the discretion of CDOT/FHWA, other items may be added as the Study proceeds.

In most cases, CDOT and Consultant staff will prepare deliverable materials for the ITF to share, discuss, review/edit, and act move ahead to the PLT/TT. Meetings will be structured for open conversations and information sharing. Consultant staff will distribute materials to the ITF for review prior to the meeting, for discussion at the meeting.

Task force member Wendy Wallach (Parsons) will be responsible for documenting the process and making recommendations to the PLT/TT (with assistance from other ITF members).
